CAMPERS & CARAVANS

Campers and caravans can only be parked at the Grashaven Marina during ONK. This is a marina with places for campers/caravans opposite the WSV Hoorn. Although very close to each other there is the harbour entrance between the two. It is approx. 15 min. walk and by bike approx. 5-7 min. Therefore, we have arranged a water taxi to pick you up in the morning and drop you off in the afternoon and evening.

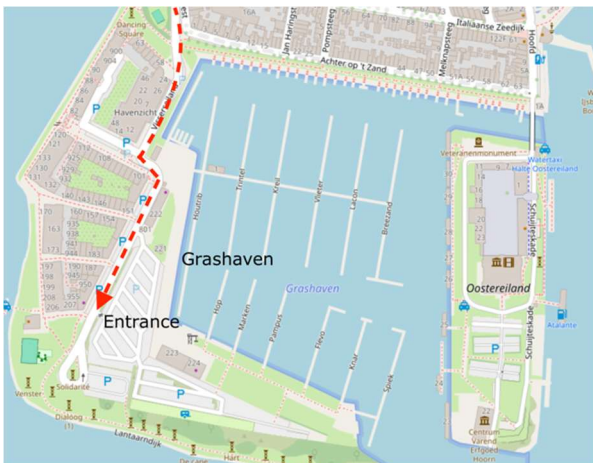

Upon arrival at the Grashaven report to the gate at the end as indicated on the map below. All you must do is go to the entrance, press the button at the gate. State your name and you will receive further instructions.

We strongly recommend to FIRST park your boat trailer at the WSV Hoorn. The access to the Grashaven with trailer can be a bit tricky due to some narrow roads/spots and speedbumps.

Address for your navigation system:

Visserseiland 221,
